

## PRESS RELEASE

### **GROW PIQUA NOW SELECTS SITE LOCATION PARTNERSHIP TO PROMOTE PIQUA AS A DESTINATION OF CHOICE FOR NEW BUSINESS INVESTMENT AND JOB CREATION**

**PIQUA, OH—JANUARY 22, 2012**—Grow Piqua Now (GPN) announced at its January Board Meeting that it has selected Site Location Partnership (SLP), a Dallas-based site selection and economic development consulting firm, for its efforts to attract new investment and jobs to Piqua, Ohio. SLP will support GPN's business recruitment efforts at key North American tradeshows in 2012.

"We are extremely excited to be working with Site Location Partnership on our business recruitment efforts," said Bill Murphy, Executive Director of GPN. Our organization evaluated several organizations as part of our overall business development efforts. Adding, "We found them to be both an effective and cost-effective partner in these efforts."

[Grow Piqua Now](#) (GPN) was formed in 2006 to provide a vehicle through which the private and public sectors of the community could effectively collaborate to further economic growth in Piqua, Ohio. GPN seeks to promote and enhance Piqua's economic development by coordinating an array of resources with an effective, regionally integrated program.

[Site Location Partnership](#) (SLP) is a multi-disciplined advisory firm that enables the growth of businesses, communities and economies through its two primary consulting areas - corporate site selection and economic development. SLP's Corporate Location Practice helps companies from industrial and commercial sectors select the optimal location for expansion, relocation or consolidation of business facilities. SLP's Economic Development Practice assists various organizations in implementing business attraction strategies for new corporate investment, job creation and economic growth.
